RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is responsive to the Office Action mailed May 13, 2005, in which a Restriction Requirement was set forth relative to the Examiner-identified inventions of Group I (claims 1-15) and Group II (claims 16-19). In response, Applicant hereby elects Group I (claims 1-15) with traverse for at least the reasons provided below.

Applicant respectfully notes that the claims of Group I relate to a method of isolating a newborn calf from the calf's mother, and the claims of Group II relate to a portable pen for use in isolating a newborn calf from the calf's mother. Based on this close relationship alone, a serious burden on the Examiner would not exist in examining all claims as searching efforts would be virtually identical, and would be repeated if the claims were restricted (MPEP §803.01).

In addition, the Examiner's suggested alternative use for the product of Group II ("protection structure for covering vegetables in order to prevent wildlife from eating or destroying the planted vegetables") is unsupported by the preamble of claim 16 (of Group II) that otherwise recites "a portable pen for use in isolating a newborn calf from the calf's mother". Further, claim 16 recites a frame having a front that forms an enlarged opening. It is respectfully submitted that with this "enlarged opening", the portable pen of Group II could not prevent wildlife from eating or destroying planted vegetables, as otherwise asserted by the Examiner. For this additional reason, then, it is respectfully requested that the Restriction Requirement be withdrawn (MPEP §806.05(h)).
